Why Berger

Since 1874, Berger has solidified its position as a trusted leader in the roofing industry. Our unwavering commitment to excellence, top-quality products, and exceptional service has made us the go-to choice for valued customers. With an extensive range of solutions, Berger offers a comprehensive selection to meet diverse roofing needs.

Profile

(Nominal Dimensions)

Key Features

- Protects the roof edge against water infiltration, preserving the integrity of the roof.
- Extends 3 1/4" onto the roof deck, effectively shielding it from potential water damage and providing enhanced protection.
- Hemmed edges provide rigidity and eliminate sharp edges, making the drip edge easier to handle during installation.
- Crafted from durable aluminum in an either 0.019 or 0.012 nominal thickness, ensuring long-lasting performance.
- Available in convenient 10 ft lengths, accommodating various roof sizes and configurations.
